Sistership Supports Strong Kids

The [Sistership Dragon Boat Association](#) have been partners with YMCA Calgary since their inception in 1998. The Eau Claire YMCA hosts their dry-land training through the winter months before they are able to get onto the river. They are also able to access all the YMCA Calgary locations to develop their fitness in preparation for the Dragon Boat season.

The Sistership are also generous donors to our YMCA Strong Kids Campaign. As individuals they pledge significant amounts, and as an organization they have recently donated \$2,000.

Featured in photo below are Deidre Palik (President) and Colleen Skoropata from the Sisterhip, flanked by the Eau Claire YMCA General Manager, Nick Wiggins and YMCA Calgary CEO and President, Helene Weir.
